

The **ABCs** of Health Coverage for **ALL** Kids

**HEALTHY
KIDS MAKE
BETTER
LEARNERS.**

**ALL CHILDREN,
regardless of
immigration status,
are eligible for
Medi-Cal coverage.**

Health coverage and care are an important part of making sure children and youth succeed in school and life. As of May 16, 2016, health coverage through Medi-Cal is available to all undocumented children under 19 years old, whose families meet the income requirements. For example, all children in a family of four that has a monthly income of \$5,387 will qualify for coverage.

A Apply any time of the year

You can enroll in Medi-Cal any time of the year. You can apply over the phone, through a mail-in application, or in person at your local county human services office or local clinic. Get help finding a clinic at www.localclinic.net or by calling (855) 899-7587.

B Bring what you need

When you apply for Medi-Cal, bring as many of the following items as you can:

- ▶ **Proof of Identity** (any passport or photo ID)
- ▶ **Proof of Income** (current pay stub or bank statement)
- ▶ **Proof of Residency** (telephone or electric bill)
- ▶ **Medi-Cal cards of other family members**, if applicable

* Not all items are needed to enroll; more examples are accepted.

C Coverage and care are free or low cost

Medi-Cal is free for children whose household meets certain income requirements. Other families, depending on their income, may have a small monthly fee. For all children, Medi-Cal coverage opens the door to free preventive care and treatment, including medical, vision, dental, and mental health services. Getting regular preventive care, like checkups and screenings, makes it possible to identify and treat health problems before they become more serious conditions.

IMMIGRANT FAMILIES

can enroll their children in Medi-Cal without worrying how personal information, including their immigration status, will be shared. Personal information is safe and protected and will NOT be shared with immigration officials or used for immigration enforcement purposes. Medi-Cal will only use personal information to check eligibility status for health coverage.

**HEALTH
CARE
FOR ALL
FAMILIES**
